Ahead of annual shareholders' meeting 2024, the nomination committee shall consist of members appointed by the four largest shareholders, in terms of votes, listed in the shareholders' register maintained by Euroclear Sweden as of 31 July 2023 together with the chairman of the board of directors. The chairman of the board of directors will also convene the first meeting of the nomination committee. If a shareholder, who is entitled to appoint a member to the nomination committee, abstains from appointing a member, the right to appoint a member shall pass to the largest shareholder who was previously not entitled to appoint a member to the nomination committee. The member of the nomination committee that was appointed by the largest shareholder, in terms of votes, shall be appointed chairman of the nomination committee.

If earlier than two months prior to the annual shareholders' meeting 2024, one or more of the shareholders having appointed members to the nomination committee no longer are among the four largest shareholders, in terms of votes, the persons appointed by these shareholders shall offer to resign and the shareholders who then are among the four largest shareholders may appoint their members. Unless there are special reasons, no changes shall occur in the nomination committee's composition in the event of a marginal change in voting power or if the change occurs later than two months before the annual shareholders' meeting.

Should a member resign from the nomination committee before its work is completed and the nomination committee considers it necessary to replace him or her, such substitute member is to be appointed by the same shareholder or, if the shareholder is no longer one of the four largest shareholders, the largest shareholder in turn.

Changes to the composition of the nomination committee must be announced immediately. The composition of the nomination committee shall be announced no later than six months before the annual shareholders' meeting.

Remuneration shall not be paid to the members of the nomination committee. The company is, however, to pay any necessary expenses that the nomination committee may incur in its work.

The term of office for the nomination committee ends when the composition of the following

nomination committee has been announced.

The work of the nomination committee

The members of the nomination committee have established that there are no conflicts of interest in respect of the work in the nomination committee. The nomination committee has, in addition to continuous contact between the members and board interviews with new candidates, held two meetings, for which minutes have been kept ahead of the annual shareholders' meeting 2023.

The nomination committee has reviewed all matters that the nomination committee is to review according to the Swedish Code of Corporate Governance, including (a) the board of directors' competence and ability in relation to Pandox' operations and development, (b) the size of the board of directors, (c) the composition of the board of directors with respect to the board members' experience, gender and background, (d) the fees to the members of the board of directors, (e) proposals for election of auditor and auditor fees, as well as (f) how the nomination committee for the annual shareholders' meeting 2024 shall be appointed.

Motivated statement

Following interviews conducted by the nomination committee and the previous board of directors' evaluation, the nomination committee has a good and positive perception of the board of directors' work. The nomination committee has, through the chairman of the board of directors, during 2022 conducted interviews with all board members and the company's CEO. The conclusion is that the board of directors is composed of individuals with qualifications that meet the strategic and operational requirements imposed on the company and that the work of the board of directors is conducted in an efficient and professional manner. The nomination committee is of the opinion that that the board of directors' continuity and extensive experience within the hotel real estate market, as well as in-depth financial competence, is of great value for the company and its shareholders. Through Ulrika Danielsson, further financial and real estate related expertise and experience is added and the potential future succession of the board of directors is secured. The nomination committee is of the opinion that the proposed seven board members together constitute a well-balanced and qualified board of directors.

Since 2018, the board of directors has, in connection with its inaugural board meetings, appointed Bengt Kjell as deputy chairman of the board of directors, to further strengthen the board of directors' ongoing work and to ensure good communication in decision-making processes which often are driven at a high pace. The board of directors is very satisfied with the result and the nomination committee has been informed that the board of directors intends to appoint Bengt Kjell as deputy chairman of the board of directors for the next period as well. The nomination committee has further assessed that the board members have the time and availability required to perform their duties.

When preparing the proposal in respect of the election of the board of directors, the nomination committee applies the provisions of rule 4.1 of the Swedish Corporate Governance Code as diversity policy and with regard to the objectives of such policy. The objective is that the board of directors shall be composed of members of different age, gender, geographical origin and with a varied academic and professional background. Provided that the annual shareholders' meeting resolves in accordance with the nomination committee's proposal, three out of seven board members will be female.

The nomination committee has assessed whether the proposed board members are to be considered independent of the larger shareholders and/or the company's management. The nomination

committee has determined that three of the proposed board members are to be considered dependent in relation to the company's large shareholders; Christian Ringnes, Jon Rasmus Aurdal, and Jakob Iqbal. The nomination committee has determined that four of the seven proposed board members are to be considered independent in relation to the company's larger shareholders; Ann-Sofi Danielsson, Bengt Kjell, Jeanette Dyhre Kvisvik and Ulrika Danielsson. The nomination committee has determined that all proposed board members are to be considered independent in relation to the company's management. The proposal therefore fulfils existing code requirements regarding board members' independence in relation to the company, the company's management and larger shareholders.

The nomination committee has been informed that Pandox' board of directors has, under 2022 as well, constituted a finance committee comprising the board members Christian Ringnes, Bengt Kjell and Jon Rasmus Aurdal. Pandox' executive management, represented by the CEO and CFO attends the finance committee's meetings with the right to participate in discussions but not in the decision-making. The committee handles matters of particular importance for the financial position of Pandox, for instance rent payments, refinancing and financing and other matters regarding terms in credit agreements. The board of directors has further informed the nomination committee that the need of a finance committee will be evaluated annually. The nomination committee assess that the work of the finance committee can be motivated in the current market both from a risk mitigating and value creating perspective and that it is therefore reasonable that board members in the finance committees receives remuneration in line with the constituted audit committee. The nomination committee is, in accordance with the board of directors, of the opinion that the need of a certain finance committee shall be assessed annually.
